# BIP 2025 - International exhibition about Europe

**30 students - 10 teams**

Working in groups of three - one student from each country - the different perspectives will merge into one large artwork.

As a team, you choose an overarching theme that particularly concerns and interests you.

**➔ What comes to your mind when you think about Europe?  
What do you feel and want to express?**

# BIP 2025 - International exhibition about Europe

## Choose a meaningful topic!

- ▶ Environmental and climate protection
- ▶ Migration and integration
- ▶ European elections and political participation
- ▶ Cultural diversity and traditions
- ▶ Architecture and urban landscape
- ▶ Borders and overcoming borders
- ▶ ...

➔ **Think about what interests you as a team and find a powerful slogan for the story you want to tell with your artwork.**

**EUROPE?**

**What's on  
your mind?**

# BIP 2025 - International exhibition about Europe

## Express your point of view!

Explore different media techniques and forms of artistic expression.  
Use quotations in your native languages and experiment with this narrative.

Take photographs, collect texts or draw sketches that tell your personal story.  
You can also use and combine different media for the collage, e.g. film, newspaper cuttings, graffiti, objects, quotations, drawings, cross-media, etc.

➔ **This digital collage will then be completed and extended by hand in the workshop in Mainz.**

**Be creative!**

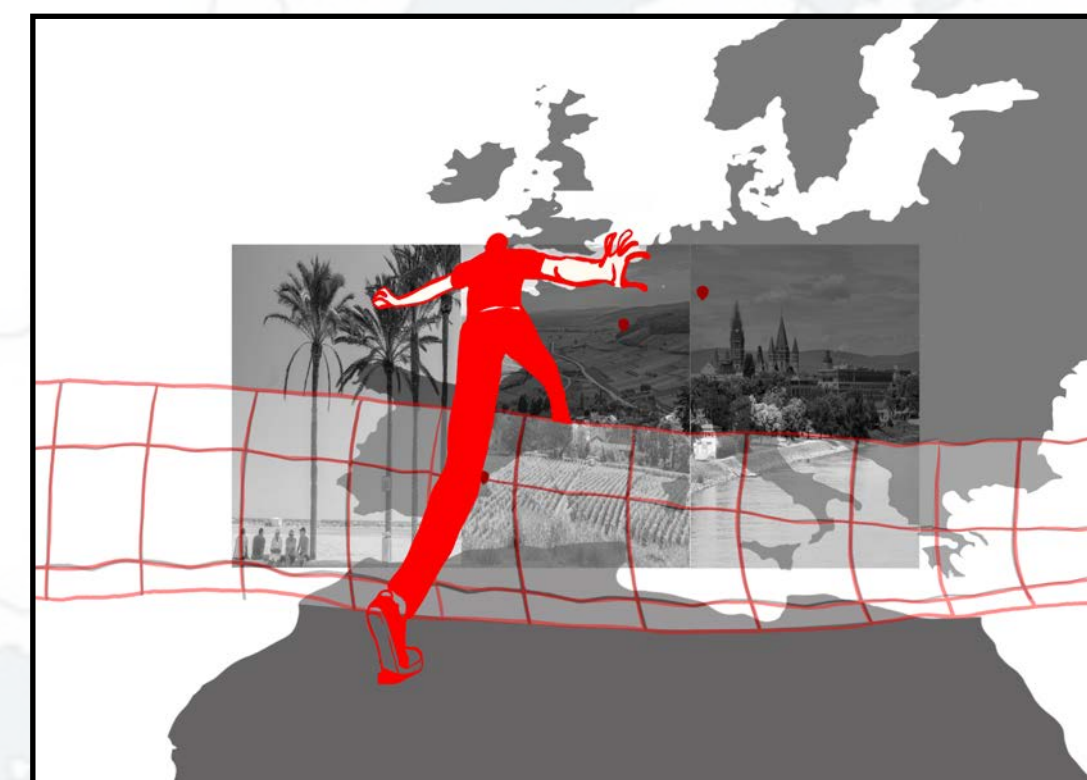

# BIP 2025 - International exhibition about Europe

## What happens at the workshop?

The collage will be printed and completed at the LUX pavilion, in the city centre of Mainz, where a studio will be set up.

You decide what you want to add to your collage. This can be paint, prints, graffiti or sculptures made of various materials such as fabric, plaster, wood, etc.

➔ **The final format of the artworks is 1,20 x 2,40 metres.**
